VOLUME 16

China Wants Alberta Horses

Whether or not the Orient is preparing for war, the fact remains that China is smaking a demand on Canada for cavalry and artillery horses, and eaches of this demand have reached Alberta via Octawa. This province should be able to provide 500 head or so of such war and mails, it is believed by those who should know, and a canavas of the situation is now being made in reply to the queries from Ottawa.

Next Year's Grasshoppers

Grasshoppers will be with us again next year, according to the provincial field crop branch, which issues a warning to farmers and some advice to such an extent that pointed out that for the producing at the complex of the complex o

THE PRACTICAL AND THE IDEAL

Alberta Pool Elevators is a creation of the Agricultural co-operative movement and as such is closely knik to the families on the land who believe in and act upon the prin-ciples of co-operation in order to better their condition.

Commerical success is highly important but it is to be regarded only as a means to an end — the improvement of the living conditions of rural people.

The major function of this extensive country and terminal elevator system owned by Alberta farmers is to give support to their natural aspirations for a more secure rural tenure.

Both the practical and the ideal sides of the farm move-ment are United in Atherta Pool Elevators and on this basis a general appeal for support is extended to all grain growers.

Alberta Pool Elevators

For Twenty-Eight Years

This year's crop is the twenty-eighth that has been handled for farmers by United Grain Growers Limited. The experience gained, and the organization built up during twentyeight years, assure you of the best possible service from this farmers' company
